Senate Approp. File

5 January 1954

Memorandum for: Chief, IO/DDP

Attention: Mr. Cord Meyer

1. In connection with our telephone conversation of 5 January, herewith is an extract of a letter, received by Senator Bridges, which has been passed on to me at the Senator's request by Mr. Scott of the Senate Appropriations Committee staff. Mr. Scott has requested our comments, which he wishes to discuss with me and Mr. King of Senator Bridges' staff. It is, therefore, requested that appropriate information be prepared for an oral reply. The letter (author unknown) was accompanied by an article from the Asian Student, a photostat of which is enclosed. (Dec 4, 1953)

2. It may be advisable to have the Chief, IO Division, or his representative, accompany me to the meeting with Mr. Scott to acquaint him with our reply. At the same time I might ask Senator Knowland if he desires to have his assistant sit in as well, in view of the fact that the Senator has a request outstanding regarding CRA. This would appear advisable in view of the fact that Senator Knowland will probably be extremely busy in the immediate future.
